

A photograph of an offshore wind farm. The foreground shows a close-up of a white wind turbine nacelle and the base of a blade, with a red safety railing. The blade extends diagonally across the frame. In the background, several other wind turbines are visible on a blue sea under a clear sky.

# Offshore Wind in the U.S.

Christian Bjøl  
Head of Offshore Development and Bids  
Ørsted Americas

**October 21, 2024**

# Our global footprint

**United States of America**

- In operation: 160MW  
Under construction: 1,628MW  
Under development: 1,000MW
- In operation: 3,214MW  
Under development: 3,374MW
- In operation: 1,554MW  
Under construction: 544MW  
Under development: 7,177MW
- In operation: 340MW  
Under development: 2,080MW
- Under development

**Denmark**

- In operation: 940MW
- In operation: our CHP plants, 2,167MW power and 2,909MJ/s heat
- Under construction  
Under development
- Sales of energy

**Ireland & Northern Ireland**

- In operation: 372MW  
Under construction: 43MW  
Under development: 450MW
- Under construction: 81MW  
Under development: 1000MW
- Under development: 320MW

**United Kingdom**

- In operation: 5,603MW  
Under construction: 3,152MW  
Under development: 5,000MW
- In operation: 62MW  
Under development: 450MW
- Under development: 1,000MW
- In operation: 20MW  
Under development: 300MW

**Spain**

**Sweden**

- Under development: 18,000MW
- Sales of energy

**Poland**

- Under development: 2,753MW

**Germany**

- In operation: 1,346MW  
Under construction: 1,166MW
- In operation: 31MW  
Under construction: 67MW
- In operation: 10MW  
Under construction: 4MW
- Sales of energy

**The Netherlands**

- In operation: 752MW
- Under development

**Japan**

- Under development: 1,600MW

**South Korea**

- Under development: 1,600MW

**Taiwan**

- In operation: 1,028MW  
Under construction: 920MW

**Vietnam**

- Under development: 4,800MW

**Australia**

- Under development: 4,800MW

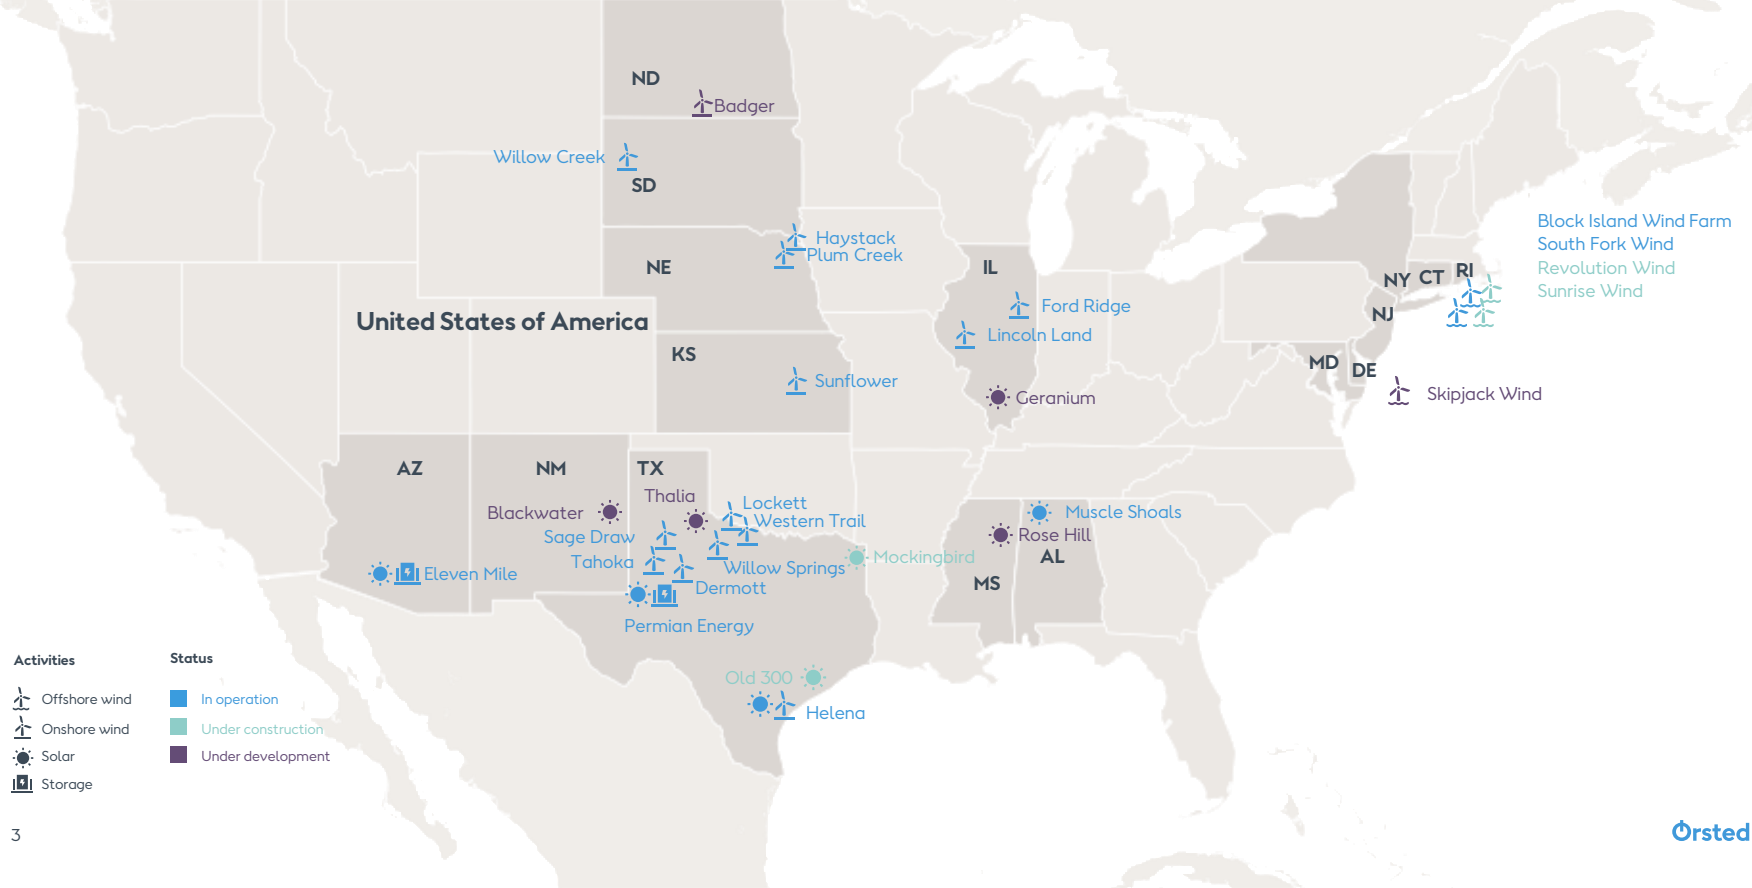

**Activities**

- Offshore wind
- Onshore wind
- Solar
- Biomass-fired power plant
- Fossil-fueled power plant
- Renewable fuels
- Bio plant
- Storage
- Sales of energy

**Status**

- In operation
- Under construction
- Under development

# Our U.S. footprint

**Activities**

- Offshore wind
- Onshore wind
- Solar
- Storage

**Status**

- In operation
- Under construction
- Under development

# Block Island Wind & South Fork Wind
