

# 2017 Forecasting Workshop

## Sponsorship Opportunities

UVIG has as its mission to globally chart the future of wind and solar power integration and operations. Each year our meetings and workshops are attended by members from around the world. For the first time, we are offering a limited number of sponsorships for our 2017 meetings.

If your organization would like to participate in one of this year's upcoming events as a sponsor, please contact Sandy Smith at [info@uvig.org](mailto:info@uvig.org) with the sponsorship level and corresponding workshop/meeting you are interested in sponsoring.
